## LIBERTY TOWNSHIP ROAD RIGHT-OF-WAY POLICY

February 17, 2010

The majority of the Liberty Township roads have a 60-foot road right-of-way. We ask that this area is kept clear and recommend there be no planting other than grass from the centerline of the road back 30 feet. We ask that no flowers, trees, bushes be planted, no vehicles or boats be parked there, and also no fences put up on the road right-of-way.

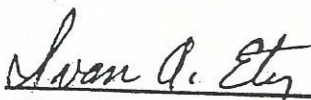

It is the policy of Liberty Township Trustees that no work shall be done or objects placed within the Right-of-Way of the Township, without a permit from the township trustees. Large rocks, personalized mailboxes and other such obstacles become liabilities in accidents resulting in injury or death. Permits are issued upon request at not cost.

Drainage into the Right-of-Way ditch shall be by permit only.

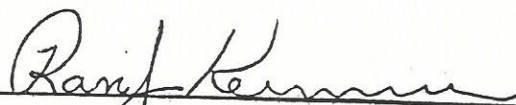

Concrete driveways must end a minimum of 6 feet from the edge of the road pavement, and the driveway area in the road Right-of-Way should be asphalt or gravel.

Should you have any questions regarding the road right-of-way area, or have plans of doing any of the above work close to the road, please contact the Liberty Township Office at 740-862- 6691.
